

STAFF FOR EZEKIAL BY DIANE TINTOR

One-of-a-kind

"The 'Staff For Ezekiel' is another image that comes out of the study of Torah and Kabbalah. Anselm Kiefer deals with the 'Merkabah' in a number of his works. It is the throne or the chariot of the Divine. Ezekiel's well-known vision is of a wheel with wings and the combination of those two provided a rather irresistible starting point."
